HR Attrition Dashboard — Key Insights

- The company has 1,470 employees. 237 of them left the company. This is an attrition rate of 16.12%.
- The average employee age is 36.92 years, average income is 6502.93, and average years at the company is 7.01.
- Research & Development has the most people leaving (133), followed by Sales (92). Human Resources has the fewest (12).
- Laboratory Technician (62) and Sales Executive (57) are the job roles with the highest attrition.
- Research Director and Manager roles have very low attrition (2 and 5 people).
- Most employees who left are male (63%), while 37% are female.
- Life Sciences (89) and Medical (63) education fields have the highest attrition.
- Overtime has a big effect on attrition. Employees who work overtime leave much more often (about 54%) than those who do not (about 23%).
- This shows overtime is one of the strongest warning signs for employee attrition.
